# KaBisig:

A Disaster Risk Reduction Management and Emergency Alert System for Barangay-Level to aid Pre, During and Post Natural Disasters

# USER MANUAL

A PROJECT CREATED BY:

ROBBY DE LEON   CYRIX PONCE  
CHRISTINE MANABAT   THEO ROLDAN

# KaBisig

## ABOUT THE PROJECT

KaBisig: A Disaster Risk Reduction Management and Emergency Alert System for Barangay-Level to aid Pre, During and Post Natural Disasters is disaster risk reduction management app that is exclusive for barangays located in Pasig City. It is designed with a web and mobile application that aids in pre, during and post natural disasters especially in the local level as response to disaster. The system's primary function is to help strengthen the DRRM in a local scale to manage the operations efficiently.

The web application consists of the following modules: manage barangay module, accounts module, announcement module, reports module, vulnerability map module, protocols module, emergency module and statistics module. Meanwhile for the mobile, it includes the following modules: accounts module, announcement module, reports module, vulnerability map module, protocols module and communication module.

The system has four valid user group: Administrator, Barangay Official, Local Government Unit Officer and Resident.

## SOFTWARE AND HARDWARE SPECIFICATIONS

### Desktop or Laptop

#### Hardware

- Hard drive: at least 8GB
- Microprocessor: Pentium 4 and Above
- Memory (RAM): at least 8GB
- Others: Monitor, mouse, and keyboard

#### Software

- Web Browser: Google Chrome, Firefox, Opera, and etc.
- Operating System: Windows 8 and above

### Mobile

- Operating System: Android
- Version: Android 4.0 and above

### Internet

- WiFi model, DSL modem, etc.

# Homepage

This is the landing page of the website. It contains the navigation bar and a section for the apk file of the mobile application of the system.

**Disaster Preparedness Companion.**

We Are With You.

Be our companion to be sheltered and protected. Together, let's help hand in hand against disasters. KaBisig accompanies you with updates and guides.

[Download our Android App](#)

### Our Features

**Announcements**  
Keep updated and posted on the following events within your vicinity

**Protocols**  
Prepare and be aware of the actions in the pre, during and post disasters

**Vulnerability Map**  
Know the vulnerable areas and recognize the zones to prevent

**Reports**  
Coordinate with the officials on the situation in response to disasters

**Emergency Messages**  
Early warning and alerts from the officials sent through SMS

**Chat**  
Communicate within your range through Peer-to-Peer WiFi Direct

**Overcome Disasters Hand in Hand**  
Your Safety is Everything to Us

It also displays the features available in both platforms and a simple quote to represent the objective of the system.

Disaster Preparedness

+ Add Guidelines

Flood   Earthquake   Tropical Cyclone   Tsunami

BEFORE	DURING	AFTER
Monitor the news for weather updates, warnings, and advisories.	Stay indoors and stay tuned for latest news and weather updates.	Leave the evacuation area only when authorities say it is safe to return home.
Know the flood early warning and evacuation plan of the community.	DO NOT touch electrical equipment if you are wet or standing in floodwater.	Report fallen trees and electric posts to proper authorities.
Put livestock and pets in a safe area or designated evacuation sites for animals.	DO NOT go swimming or boating in swollen rivers.	Check your house for possible damages and repair as necessary.

- Stay indoors and stay tuned for latest news and weather updates.
- DO NOT touch electrical equipment if you are wet or standing in floodwater.
- DO NOT go swimming or boating in swollen rivers.

**AFTER**

- Leave the evacuation area only when authorities say it is safe to return home.
- Report fallen trees and electric posts to proper authorities.
- Check your house for possible damages and repair as necessary.
- go to evacuation center
- go to evacuation center now

# PROTOCOLS

## EVACUATION CENTERS AND NEARBY HOSPITALS

≡ Evacuation Center

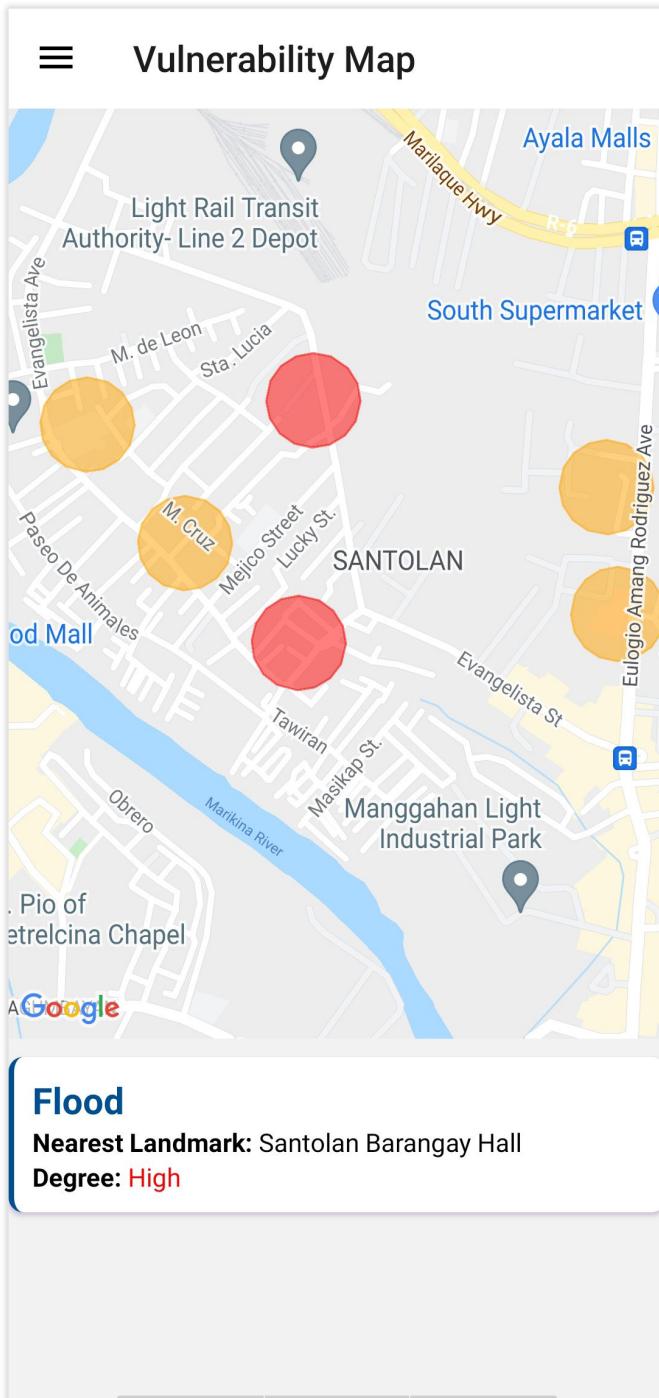

The map shows the Santolan area with several evacuation centers marked by red location pins. One pin is located near the intersection of M. de Leon and Sta. Lucia Streets. Another pin is located near the intersection of Evangelista St and C. Lucas Samso. The map also shows the Mankina River and various streets including Rev. Dumandan, Avelino Mejico St, F. Pasco Ave, M. Cruz, Mejico Street, Lucky St, Paseo De Animales, Tawiran, Masikap St, Matahimik St, Tier Verde Subd, and San Roque Street. The Manggahan Light Industrial Park is also indicated. A legend at the bottom right of the map includes icons for a key, a location pin, and a refresh symbol.
